

This is in reference to the NAB petition 04 - 160. As a long haul truck driver I find the XM instant Traffic and Weather extremely beneficial. XM Radio provides a service and quality not found any where else. I pay for these services, and it should not be left up to the NAB to dictate what I'm permitted to listen to. I respectfully urge the FCC to reject Petition 04 - 160, and to support XM's ability to provide the kind of programming that I deserve. Thank you,
